

CAMPAIGN COUNTERS

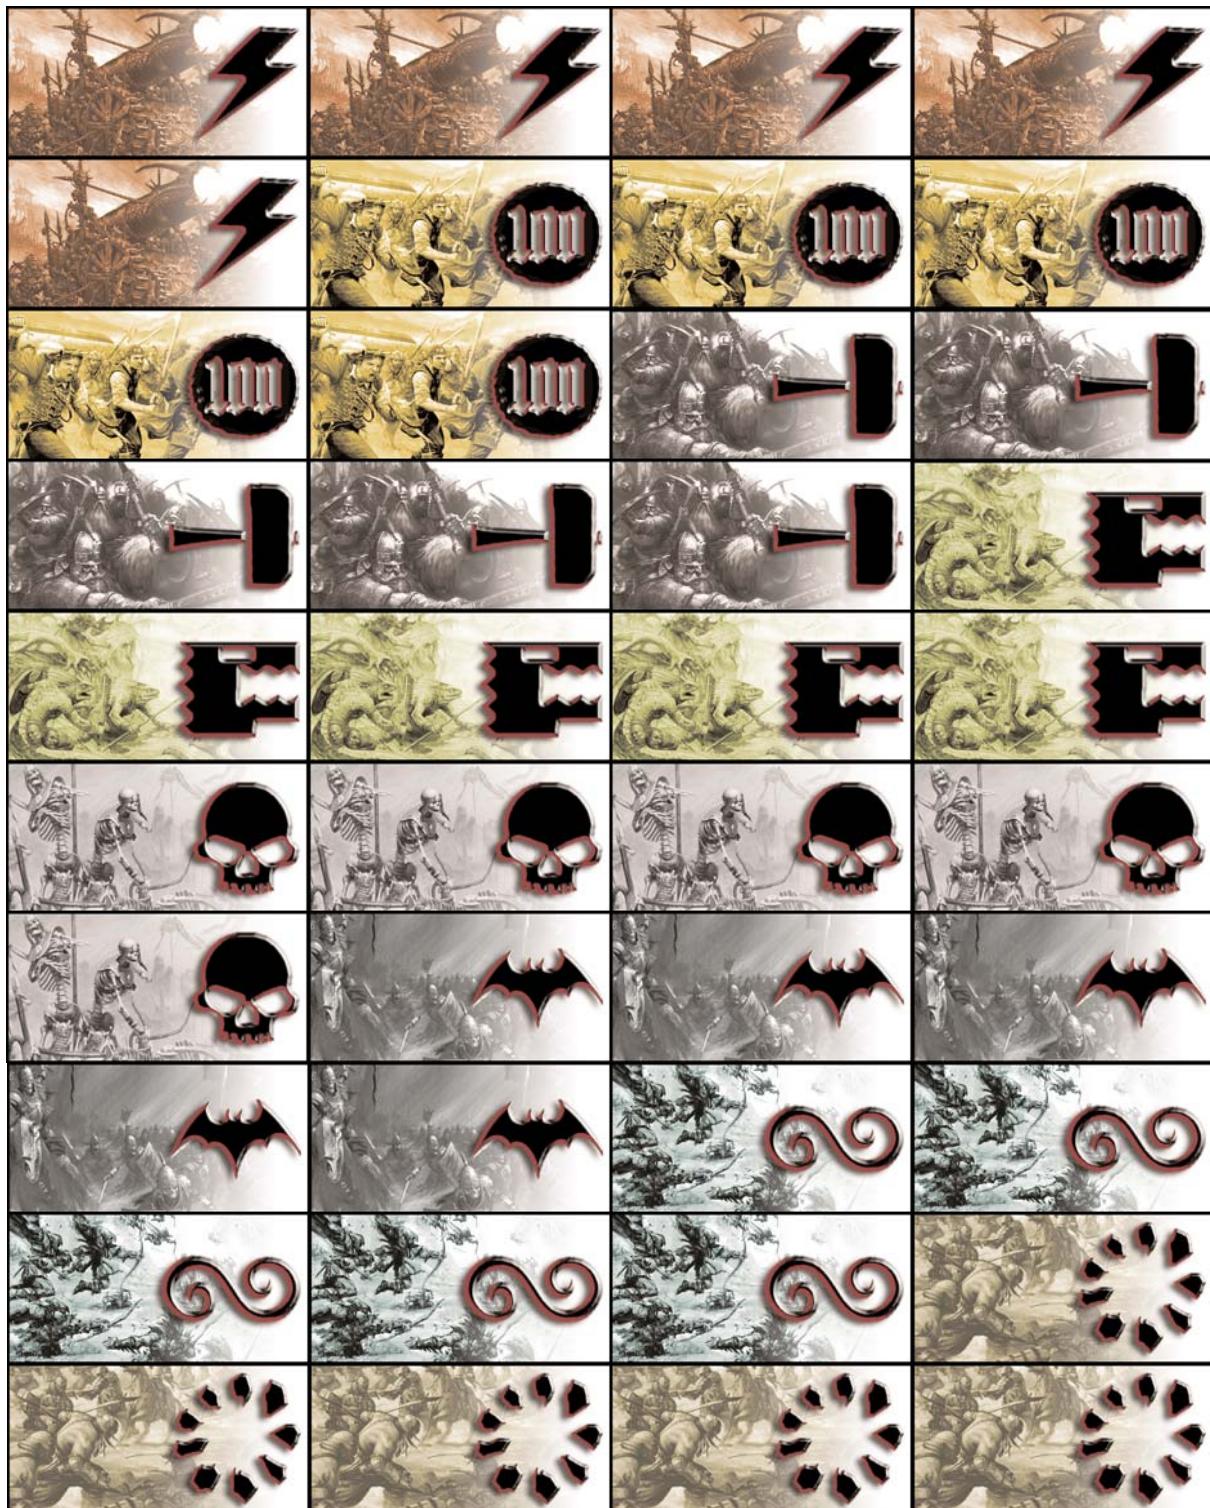

Ogre Kingdoms

The Ogre Kingdom counters above can be used to represent controlled, fortified, and razed counters in your campaign. There is also one marker included above for your Ogre Kingdom capital.

CAMPAIGN COUNTERS

Army Counters

The counters shown above and on the previous page can be used as your army (or banner) counters for use in your campaign. All 16 Warhammer Armies have been represented with five counters each. If you would like your Army Counters to be a bit more sturdy, you can glue them down to Warmaster bases.
